

# CHS Student of the Month

We have a new tradition starting at CHS. Student of the Month - this is an anonymous nomination to recognize students who have assisted a staff member, a peer or the community without the expectation of any reward. Students are nominated by a staff person and then one is selected by administration for the month.

The student for September is Paige Harding. Paige is a student who consistently goes above and beyond what people ask of her. She always takes the lead and does not have to be asked to do so. Paige also sees through what she starts whether it is sitting on the CHS marketing committee or assisting with High School nights. She is welcoming to every student in the hallways or office area, always has a bright smile on her face. Paige is a great ambassador for CHS and we are so proud of her! Congratulations, Paige!
